

Possession

No license is required to possess rifles and shotguns, or to possess handguns in one's home or place of business. It is unlawful for the following to possess any firearm: any person convicted of a crime of violence (murder, rape, assault, burglary, etc.); who is a fugitive, or has been convicted of a controlled substance offense punishable by more than 2 years, adjudicated mentally incompetent or involuntarily committed to a mental institution, illegal alien, adjudicated a delinquent for an offense that would disqualify one from possessing a firearm if committed by an adult, or subject to a protection from abuse court order.

When carrying a handgun, the licensee shall, upon demand of a law enforcement officer, produce the license for inspection. A license to carry or a Sportsman's Firearm Permit does not authorize carrying a loaded shotgun or rifle in any vehicle. A Sportsman's Firearm Permit does not authorize carrying a loaded handgun in a vehicle.

Pennsylvania Instant Check System - P.I.C.S.

The Pennsylvania State Police implemented the Pennsylvania Instant Check System (PICS) on July 1, 1998. This state of the art system provides instant access to background records on an individual to determine if the person is eligible to purchase a firearm or acquire a license to carry a firearm. Pennsylvania Firearm Dealers and County Sheriff's access the PICS program through a toll free telephone number. If an individual is eligible to acquire a firearm, the PICS background check replaces the former, mandatory five-day waiting period. Operation has shown that approximately 70% of the individuals attempting to purchase a firearm can be approved instantly.

The primary purpose of PICS is public safety, to ensure an eligible person may acquire a firearm and that a prohibited person may not!

A Sportsman's Firearm Permit is valid only for sporting purposes. It is obtained by applying to the county treasurer. The applicant must present his hunting or fishing license and pay a fee of \$6.00. The permit is valid for five years. It must be carried with a valid hunting or fishing license.

Carrying

It is unlawful to possess any firearm on school property but "It shall be a defense that the weapon is possessed and used in conjunction with a lawful supervised school activity or course or is possessed for other lawful purpose." It is unlawful to carry a handgun, rifle or shotgun upon the public streets or upon any public property during an emergency proclaimed by a governmental executive unless the person carrying is actively engaged in lawful self-defense, is licensed to carry firearms, or is exempt from licensing requirements.

It is unlawful to carry a handgun, rifle or shotgun upon the public streets or upon any public property in Philadelphia unless the person carrying is licensed to carry firearms or is exempt from licensing requirements.

Any person carrying a handgun "in any vehicle or concealed on or about his person" is required to have a

license to carry or a Sportsman's Firearm Permit (good only for hunting, fishing, trapping and dog training).

However, no license is required:

1. To carry a handgun in one's home or fixed place of business.
2. When engaged in target shooting or while going to or from shooters' places of assembly or target practice, provided the firearm is unloaded and the ammunition is carried in a separate container.
3. For law enforcement personnel, including policemen, jail wardens, and sheriff's and their deputies
4. To carry an unloaded and securely wrapped firearm from place of purchase to one's home or place of business, to or from a place of repair, or in moving from one place of abode or business to another, or from one's home to a vacation or recreational home or dwelling or back, to recover stolen property, or to a location to which the person has been directed to surrender firearms or back upon return of the surrendered firearm.
5. To carry while lawfully hunting or fishing or going to the place of hunting or fishing, provided one has a hunting or fishing license and a Sportsman's Firearm Permit.
6. While carrying a firearm in any vehicle when the person possesses a valid and lawfully issued license for that firearm which has been issued under the laws of the U.S. or any other state.
7. By a person who has a lawfully issued license to carry a firearm and said license expired within six months prior to the date of arrest and that individual is otherwise eligible for renewal of that license.
8. By any person who is otherwise eligible to possess a firearm and who is operating a motor vehicle, which is registered in the person's name or the name of a spouse, or parent and which contains a firearm for which a valid license has been issued to the spouse or parent owning the firearm.

Transportation In A Vehicle

A handgun being transported in a vehicle without a license to carry must be unloaded and must be carried under one of the exceptions listed above under "Carry." Rifles and shotguns may be transported in a vehicle as long as they are unloaded. * While transporting a firearm without a license, it is up to the person carrying the firearm to demonstrate that one of the exceptions under "Carry" applies. A law enforcement officer may demand such evidence. NOTES: A firearm is loaded if the firing chamber, the non-detachable magazine or, in the case of a revolver, any of the chambers of the cylinder contain ammunition capable of being fired. If the firearm uses a detachable magazine, the term means a magazine suitable for use in the firearm which magazine contains such ammunition and has been inserted in the firearm or is in the same container or, where the container has multiple compartments, the same compartment as the firearm.

Commonly Asked Questions

Q. If I possess a valid license to carry a firearm, am I required to undergo a Pennsylvania Instant Check System (PICS) background check to purchase a firearm?

A. Yes. Section 6111 of the Uniform Firearms Act (UFA) requires that a dealer complete a PICS check before delivering a firearm to a buyer. The exception granted to license to carry holders and law enforcement officers applied to the waiting period that was replaced by the instant check, and no longer applies.

Q. What if I own a firearm, and I am convicted of a crime that prohibits me from possessing firearms?

A. You have 60 days from the date of the imposition of any disability (such as a conviction which prohibits ownership of a firearm) to sell or transfer any firearms you own to a person who is not a member of your household.

Q. Do I need a license to possess a firearm?

A. You do not need a license to possess a firearm; however, a license to carry is required for the purpose of carrying a firearm concealed on or about your person, or in a vehicle within this

Commonwealth. Exceptions can be found in Section 6106(b) of the UFA.

Q. What do I need to do if I want to sell or transfer a firearm to a friend?

A. You must have a licensed firearm dealer or sheriff process the transaction. The \$3.00 surcharge does not apply. There will be a \$2.00 Pennsylvania Instant Check System (PICS) background check done on the intended recipient of the firearm, to ensure the individual is eligible to acquire the firearm.

Q. If I have a criminal record from many years ago, and I have not committed a prohibited offense since then, is it possible that I may be able to purchase a firearm?

A. The current Uniform Firearms Act does not exempt criminal records from a specific time period in order to acquire a firearm. Also, criminal records are not automatically expunged (deleted) after a period of time. In Pennsylvania, a court order is required to expunge non-conviction information. Conviction information may not be expunged. It is possible to obtain court ordered relief from a firearm disability, which may grant eligibility to acquire a firearm.

Q. Can I allow persons under the age of 18 to use firearms?

A. Persons under the age of 18 (minors) may only possess or transport a handgun (any pistol or revolver with a barrel length less than 15 inches, shotguns with a barrel length less than 18 inches, any rifle with a barrel length less than 16 inches, or firearms with an overall length of less than 26 inches) under the following circumstances: • The person is under the supervision of a parent, grandparent, legal guardian, or an adult acting with the expressed consent of the minor's custodial parent or legal guardian, and the minor is engaged in lawful activity, including safety training, lawful target shooting, engaging in an organized competition involving the use of a firearm, or the firearm is unloaded and the minor is transporting it for a lawful purpose; or • The person is lawfully hunting or trapping in accordance with 34 Pa. C.S. • (relating to game).

Q. What types of identification do I need to purchase a firearm?

A. Dealers may accept any one of the following documents as identification:

- A valid photo driver's license
 - A valid government-issued photo identification card.
- Because Pennsylvania is a point of contact (POC) for the National Instant Check System (NICS), operational November 30, 1998, we agree to do the federal firearm background check (Brady check) which requires a photo identification card. Even though the Pennsylvania law provides for non-photo ID, for members of religious sects whose tenets forbid or discourage the taking of photographs, it is now required that a photo ID be provided.

Q. What would prohibit me from lawfully possessing or purchasing a firearm?

A. There are 35 PROHIBITED OFFENSES* (crimes) for which a conviction would prohibit a person from lawfully purchasing or possessing a firearm under the UFA. There are SEVEN CONDITIONS** which would also prohibit this. Additionally, one condition (three convictions for driving under the influence of alcohol or controlled substance, within a five year period) prohibits subsequent purchase or receipt by transfer, but not possession of firearms already

owned. These prohibited offenses and conditions listed in the UFA under § 6105 are as follows:

- § 6302 Sale or lease of weapons and explosives

Any offense equivalent to any of the above offenses under the prior laws of this Commonwealth, or any offense equivalent to any of the above offenses under the statutes of any other state or of the United States.

Firearm Laws & Safety

Basic Firearms Safety

Safety must be your first concern when handling, using, or storing any firearm. These safety rules must always be followed:

- Always treat a firearm as if it is loaded.
- Always make sure the firearm is pointed in a safe direction.
- Always keep your finger out of the trigger guard and off the trigger until you are ready to fire.
- Always keep the firearm unloaded until you are ready to use it.
- Always be aware that safety devices can (and sometimes do) fail.
- Always make sure the firearm is in safe operating condition.
- Always use ammunition designed for use in your firearm.
- Always be sure of your target and what lies behind it.
- Always wear ear and eye protection when shooting.
- Always refrain from using alcohol or drugs before or when shooting.
- Always store firearms in a locked container and separate from ammunition. Be certain that firearms are inaccessible to children and unauthorized adults.

Children & Firearms

Few accidents are as tragic, or as preventable, as those involving children and firearms. Having children in the home, whether they live there or are visiting, makes it even more important to practice safe storage of firearms:

- Do not underestimate the ability of children to find, or reach a firearm you thought was safely hidden.
- Check stored firearms periodically to be sure that security devices are still intact and that the firearms have not been loaded by an unauthorized person. Not only will this help ensure that your firearms are stored safely, this will also allow you to inspect your firearms for dirt, corrosion, or other conditions requiring maintenance or repair.
- There are many safety programs designed for children. As soon as they are old enough to understand, educate your children about firearms safety.

Remember: Most firearms accidents are preventable. Protect yourself and your loved ones by taking firearms safety seriously
