

April 2026 Solebury Twp Board of Supervisors Monthly Report

Respectfully Submitted,
Kelley D. Warner
Chief of Police

Highest-Volume Call Types and Operational Impact

CALL TYPE	TOTAL CALLS	PERCENTAGE OF TOTAL	OPERATIONAL SIGNIFICANCE
Business Check	200	21.7%	Primary proactive workload driver; high visibility and deterrence
Traffic Enforcement	172	18.7%	High officer time commitment; safety and compliance focus
House Check	124	13.5%	Residential reassurance and preventative patrol
Directed Patrol	95	10.3%	Targeted patrol based on trends and intelligence
Medical Emergency	47	5.1%	Lower volume but high resource intensity

Notable Calls for Service (CFS)

- Trespassing: Officers have been responding to the 100 block of Equestrian Drive for a report of trespassing. Two properties are located adjacent to an access driveway to an Aqua pump station. The residents on either side of the driveway have been disputing because the one family allows their young children to play there. After several complaints from both neighbors about one another, STPD spoke with Aqua representatives. The property was posted no trespassing, and both parties were advised via US mail from Aqua that the driveway is off limits.

Notable Calls for Service (CFS)

- DUI: On 04/14/26 at approximately 9:31pm, officers were dispatched to a man who fell off his motorcycle in the 3400 blk of Windy Bush Rd. Upon arrival, the officer spoke to the M/C operator who showed signs of intoxication and submitted to a portable breath test (PBT). The results were 0.133%. The operator was transported to the hospital for evaluation and testing. Charges pending results of blood testing.
- DUI: On 04/25/26 at approximately 8:50 pm, officers were dispatched to 6400 blk of Lower York Rd for a crash. Operator #1 showed signs of intoxication and consented to a PBT (0.18%). He was taken into custody for DUI, charges pending results of blood test.

Notable Calls for Service (CFS)

- Drug OD: On 04/29/26 at approximately 4:39 pm, STPD's Co-Responder suspected a woman she was trying to place into rehab for drug addiction had disengaged from contact. The co-responder explained her concerns to the detective, and they decided to go to the woman's house located on Ingham Way. Soon upon arrival they discovered that the female had utilized heroin and was on the verge of overdosing. Life saving measures were started by officers and EMS responded.
- Missing Endangered: On 04/23/26, officers were called to The Solebury School to investigate a missing 18 yo female who indicated self-harm earlier in the week. The female left the property via uber in the late morning. Family and friends were unable to contact her as her phone had died. She was last tracked into Harlem and eventually located by a family member who reported she took further actions toward self-harm but was found safe in a hospital.

Training

- STPD headed to the Bedminster outdoor range in early April for mandatory qualifications for pistol, shotgun and rifle.

A photograph of a dog, possibly a German Shepherd, jumping into a large body of water (Lake Solebury). The dog is captured mid-air, creating a splash. The water is blue and calm, with a shoreline of trees and a clear blue sky in the background. The foreground shows a rocky, pebbly shore with some sparse vegetation.

Regional K-9 Training Hosted at Lake Solebury

- K-9 Officer Matt Rice invited nine canine teams from across the region to train at Lake Solebury. The uniqueness of utilizing the lake and then onto dry ground is a great training opportunity, according to Officer Rice. The other officers also were appreciative- but it looks like the dogs enjoyed it more!

Training

**MOTOROLA
SOLUTIONS**

The department is transitioning to updated radios, In-car cameras (ICC) and Body Worn Cameras (BWC) through Motorola Solutions. STPD was invited to attend a... unpaid show and training in Orlando, FL. D/Sgt. Koretzky attended to meet with technicians and attend train the trainer seminars that will ease the officers transition into the new equipment. Jon made such an impression with Motorola, he was asked to participate in a podcast (<https://www.facebook.com/share/r/1B3NJcy6gh/>). In addition, he was able to negotiate additional products for our department at no additional cost. *Congratulations Jon and Thank you!*

Community Outreach

- STPD joined in on the fun with Solebury Township Parks/Rec by attending the Easter Egg Hunt. Officers Rice and Gaeta joined in addition to Officer Grawe, Jr. and his family. A great day!

Community Outreach

- Another big day in Solebury Township is Opening Day for baseball and softball. Chief Warner and Officer Broskey joined Solebury Township Police Foundation Chairwoman, Lisa Policare (not pictured), Vice-Chair, Steve Chupa and Board Member, Nik Heble at Opening Day to hand out soft pretzels and educate the community about the Police Foundation- AWESOME Day!

Traffic Complaints 6200 Blk Lower Mountain Road

Township Administration continued to receive complaints of vehicles in violation of the No Thru Traffic Signs. Officers were detailed on 04/28/26 from 7a-11a. Seven vehicles were stopped and advised of the signage.

Sgt. Mansour will be collecting data on speed and number of vehicles in early May, results to follow.

STPD Partners with Bucks County Division of Human Services Co-Responder Program

- STPD's Co-Responder, Corrine Beck, started with our department on Wednesday, April 22nd. The program will be fully funded by Bucks County for the first two years. At the conclusion of that period, the participating municipalities will review its effectiveness and determine how it should be funded moving forward. Corrine has made an impact on our community already!
- Welcome Aboard Corrine!
