

February 2026 Board of Supervisors Report

Respectfully submitted,

Kelley D. Warner

Chief of Police

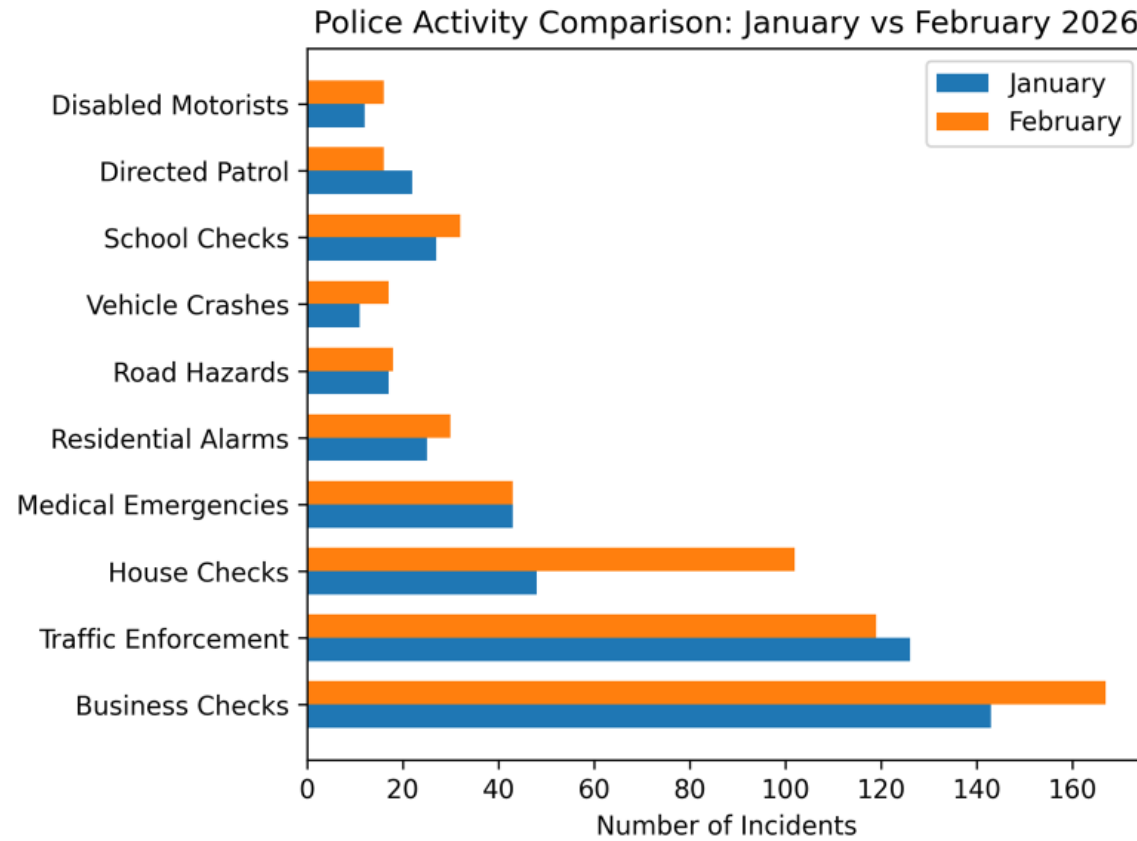

Police Activity for February 2026

- Police activity remained steady between January and February 2026, with a continued emphasis on proactive patrol and crime prevention.
- Business checks increased from approximately 142 in January to 167 in February, while house checks more than doubled, reflecting enhanced residential patrol efforts.
- Traffic enforcement remained consistent, with 119 traffic stops in February compared to approximately 126 in January.
- Crashes increased significantly in February, majority storm related.
- Overall, serious criminal incidents remained relatively low, while officer-initiated patrol activities continued to represent a significant portion of the department's workload.

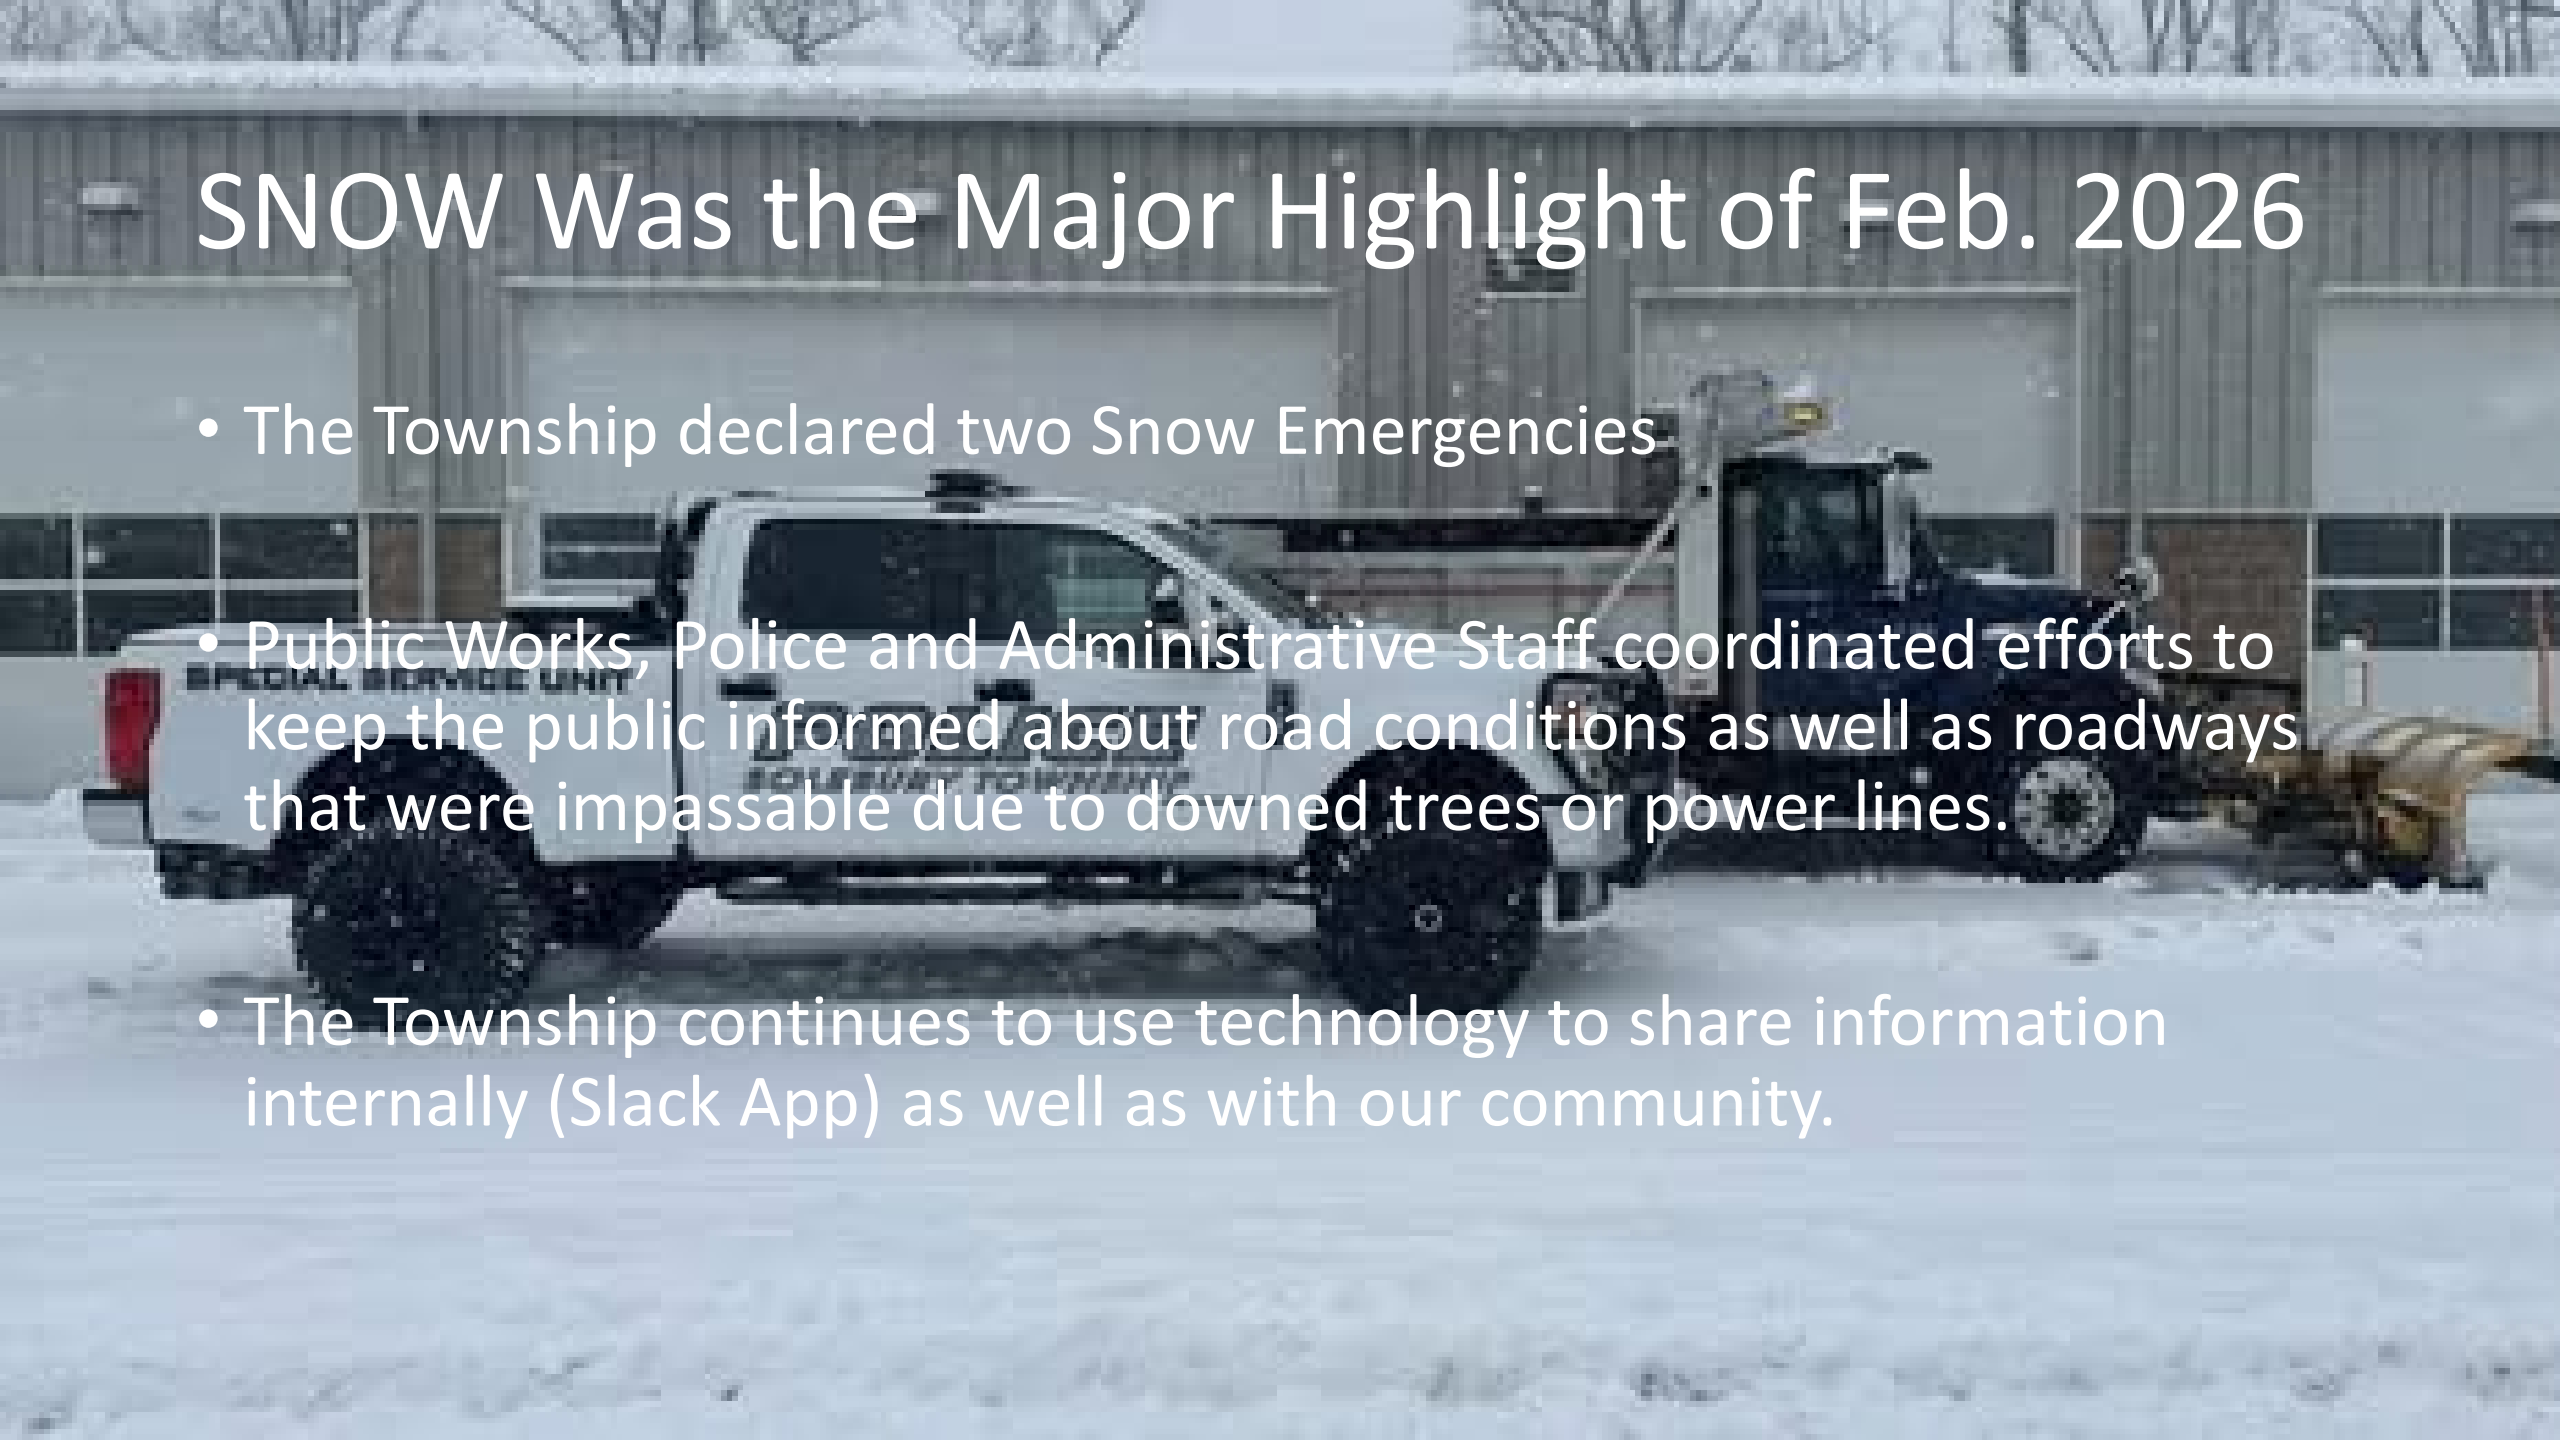

Police Activity Comparison: January vs February 2026

January Total: 656 | February Total: 743

SNOW Was the Major Highlight of Feb. 2026

- The Township declared two Snow Emergencies
- Public Works, Police and Administrative Staff coordinated efforts to keep the public informed about road conditions as well as roadways that were impassable due to downed trees or power lines.
- The Township continues to use technology to share information internally (Slack App) as well as with our community.

The Importance of the Motor Carrier Inspection Unit- Crash On RT. 232

- Fortunately, the operator of the truck sustained only minor injuries, and no other vehicles were involved in the crash. However, Corporal Soldavin, the department's senior MCSAP inspectors, determined that distracted driving and unsafe vehicle equipment (including worn tires) were key contributing factors.
- This incident highlights why the Solebury Township Police Department has invested significant resources into developing and maintaining its Motor Carrier Safety Assistance Program (MCSAP) Inspection Unit.
- Through proactive commercial vehicle inspections and enforcement, the unit works to identify unsafe equipment and dangerous driving behaviors before they lead to more serious crashes on our roadways.

note this occurred in December 2025

New Officer Sworn In

- Officer Leh was sworn in at the February 17th Board of Supervisors Meeting. Gavin continues with his Field Training and is doing great! We hope to have him on his own in the very near future.

Anniversary Letters of Recognition

Sgt. Koretzky
25 Years of Service

Ofc. Rice
10 Years of Service

Commendations Awarded
