

BRIEF STATEMENT ON BEHALF OF THE BOARD OF SUPERVISORS:

Our job as Supervisors is to run the government of Solebury Township. But Solebury Township exists in the larger context of the county, state, and country. From time to time there are things going on in the larger world that we must take note of--and we are in such a situation now. The violence and hatred being directed toward members of the AAPI community and the attacks on voting rights are occurring with the murder trial in the death of George Floyd, continued senseless mass shootings, and the attacks on the Capitol as a backdrop. Hatred and attempts to deprive any Americans of their right to life, liberty, or the pursuit of happiness must be stopped in their tracks. We must speak out, lend our support, and take whatever action we can to right these wrongs.
